By order and in the name of the Governor of Gujarat,

**K. B. KUKNA,**

Under Secretary (H.Q.) to Government.

**ANNUAL REPORT-GCPCE-2022-23****The Gujarat Council of Professional Civil Engineers****(A Statutory Body of Govt. of Gujarat)****(1.0) INTRODUCTION:**

The Gujarat Council of Professional Civil Engineers constituted under the Gujarat Professional Civil Engineers Act-2006 (Gujarat Act No. 19 of 2006) deems it a pleasure to present the Annual Report and Audited Statement of Account for the financial year 2022-23.

In Gujarat, after the 2001 Bhuj earthquake, GDCR in all Municipalities and Municipal Corporations were revised and inclusion of earthquake, wind and fire codes were made mandatory. However, it was found that many buildings including multi-storied buildings were not being constructed as per the building codes. Unless the structural drawings submitted to Municipal Corporations are scrutinized by competent authorities in the Corporations, making stringent provisions in GDCR alone cannot ensure building safety.

An extensive study of prevention and mitigation arrangements made in various countries for the safety of the built environment has revealed that in all advanced countries, they have a provision for licensing of engineers based on competency of engineers. It was therefore felt necessary to have a competency based licensing of engineers for practicing engineers in Gujarat to ensure safety of the built environment. It was also felt necessary to create a separate body which will look into this aspect and provide a legal and regulatory framework.

GSDMA therefore prepared a draft bill titled 'Gujarat Professional Civil Engineer's Bill' after many discussions, workshops and meetings with practicing engineers, engineer's association and various national and international technical experts. The bill proposes the constitution of a Regulatory Body by the engineers themselves. This Regulatory Body will test the competency of engineers through appropriate examinations and interviews and will certify them. As a result, The Gujarat Professional Civil Engineer's Bill, 2006 was passed by the State Legislative Assembly in March 2006 and is being implemented through the R & B Department of the State Government.

**(1.1) OBJECT AND REASON OF GCPCE:**

On account of the rapid urbanization in the state, the building construction activity has expanded rapidly with inadequate regulation. A large variety of buildings, many of which are of extreme complexity and magnitude, like multi storied office buildings, factory buildings, residential houses, are being constructed each year. With the increase in the building activity, unqualified persons are undertaking the design and the construction of building which are often unsafe. This was noticed in the areas of the State where the earthquake took place on 26th January 2001. The loss of human life could have been avoided if the design and construction of buildings had been made as per standards and regulations. There is, therefore need for statutory regulation to protect the general public from unqualified persons working as Civil Engineers. For that purpose it is proposed to create a body corporate by the name of the Gujarat council of Professional Civil Engineers which would register the professional Civil Engineers.

Initially, during the first 02 year of the enactment of regulation, the persons who having possessed a qualification in Civil Engineering at the commencement of the legislation and experience of working as a Civil Engineer for a period of not less than fifteen years, would be registered as professional Civil Engineers. Subsequently, only persons, who have requisite qualifications and experience in Civil Engineering and who have passed the examination held by the council, would be registered as professional Civil Engineers. A person, who is registered as professional Civil Engineers, shall be issued a certificate of practice by the council. A person, who does not hold a certificate of practice, shall not be entitled to practice as a professional Civil Engineer. It shall be unlawful for a person to practice as a professional Civil Engineer unless he possesses a certificate of practice.

### **AUDITORS' REPORT**

- We have audited the accompanying financial statements of Gujarat Council of Professional Civil Engineers ("The Authority"), which comprise the Balance Sheet as at 31st March 2023 and the Statement of Income and Expenditure for the year then ended, and a summary of significant accounting policies and notes to accounts. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.
- We conducted our audit in accordance with the standards on auditing issued by the Institute of Chartered Accountants of India. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.
- An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate

in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

- We believe that the audit evidence, we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statement.

- Further to our comments, we report that

We have obtained all information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.

In our opinion, proper books of accounts have been kept by the authority so far as appears from our examination of such books.

The Balance Sheet and Income & Expenditure Account dealt with this report are in agreement with the books of accounts.

In our opinion and to the best of our information and belief, the said accounts read with the significant accounting policies, gives true and fair view in conformity with the accounting principles generally accepted in India:

- i. In case of Balance Sheet of state of affairs of the Authority as at 31st March, 2023;
- ii. In the case of Income & Expenditure Account for the period ended on that date.
